([PRWEB](#)) July 17, 2001 -- VW and Corvette Vintage Ad Gallery Advertising Space Available!

A limited amount of very targeted advertising space is available on the West Coast Vintage.Com vintage advertising galleries for VW and Corvette. (2 different galleries). These galleries allow visitors to view scans of original advertising from the 1950's through the 1980's. The people viewing these ads are all guaranteed to be owners or fans of the type of car they are viewing, and you can't get any more targeted than that.

The pilot vintage ad gallery (Porsche) was hosted by West Coast Sports Cars.Com and met with huge success. We are seeing 100's of visitors and 1000's of page views per day. For targeted traffic that is spectacular. The VW and Corvette galleries promise to be even more popular as they appeal to a broader audience. Advertising space is very limited and will be sold on a first come first served basis.

The West Coast Venture.Com inc family of companies have prospered while so many others have floundered in the same markets. They have prospered because they have the products and marketing to get quality visitors to their sites. You can now take advantage of that traffic to grow your own business. First visit www.westcoastsportscars.com and take a look at the Porsche Advertising gallery to get an idea of our gallery layout. Then choose the level of advertising you want. Advertising can be paid via check, money order or Credit Card (through Paypal.com account sales@westcoastvintage.com). Contact advertising@westcoastvintage.com
