

Women In Trucking Association announces the renewal of J.B. Hunt Transport as Gold Level Partner

Women In Trucking Association, Inc. (WIT) is proud to announce the Gold Level Partnership renewal of J.B. Hunt Transport.

Plover, WI ([PRWEB](#)) February 19, 2016 -- J.B. Hunt Transport, one of the largest transportation logistics companies in North America, celebrates its second year supporting the nonprofit organization through a gold level sponsorship. Additionally, Stan Hampton, vice president of Driver Personnel at J.B. Hunt Transport, serves on the board of directors as vice chairman.

Hampton recently participated in a board strategic planning session to set the direction for WIT in the coming months and years. He brings to the organization more than 22 years of expertise in transportation, operations, recruiting and retention.

“Renewing our Gold Level Partnership with Women In Trucking continues a partnership dedicated to attracting and retaining professional women into our dynamic, growing industry,” said Hampton. “Nearly 25% of our female drivers are members of Women In Trucking and we look forward to seeing that number grow this year.”

The mission of the Women In Trucking Association is to encourage the employment of women in the trucking industry, promote their accomplishments and minimize obstacles faced by women employed in the trucking industry.

“The support of J.B. Hunt Transport as a Gold Level Partner and the involvement of Stan Hampton on the board of directors shows their commitment to the mission to increase the percentage of women employed in the trucking industry,” said Ellen Voie, WIT’s President and CEO. “Their passion is evident through the initiatives they have put in place to increase the number of female drivers and women at the management level.” Voie added. A recent WIT index of publicly traded carriers shows J.B. Hunt as a leader in promoting women in leadership.

WIT recently held its first Accelerate! Conference and Expo and is planning the second event to be held November 6-9, 2016 in Dallas, Texas.
