

Spitfire Media and Alpinestars Complete *“The Beginning”* DVD

*Spitfire Media, a leader in high end post production and Alpinestars, the most recognized name in motorsports, have just completed *“The Beginning: The First Ever All Real All Racing All Amatures Motocross Film”* DVD. This DVD is the most interactive DVD of its kind, taking motocross DVD to whole new level. Get a sneak peak at who will be dominating the pro ranks in the years to come from 50cc’s to 450cc’s. This DVD features Mike Alessi, Josh Lichtle, Tara Geiger and their dream to become pro motocross riders. Bonus material includes interviews hosted by Malcolm McCassey, the Ogio Compound and many more gut wrenching outakes.*

([PRWEB](#)) January 9, 2005 -- As a whole, Spitfire Media teaming up with Alpinestars, one of the largest Motor sports apparel companies in the business supporting Motocross, Supercross, F1 Moto GP and NASCAR, as well as a full line if casual wear is an amazing opportunity.

The goal of this DVD was to focus on the amateur riders. Aplinestars saw an opening to shed light on the future of Motocross, *“The Beginning”* takes you inside the intensity and excitement that can only be found in the core world of amateur motocross. Together they were able to make a DVD that focuses on the future of motocross. Spitfire Media and Alpinestars were able to create a product that fans young and old can enjoy, it is loaded with plenty of interaction and hilarious outakes that will open your eyes to the world of Amateur motocross racing.

“It’s not about the fame. It’s not about the money; it’s about the racing.” *The Beginning.*

Spitfire Media was established in April of 2004 specializing in high end editorial, DVD Production, Graphics and duplication covering all the needs for Music Video, Commercial and action sports clientele. As Creative Professionals they pride themselves in high quality work and a staff with over 15 years of postproduction experience. Spitfire Media Supports both SD and HD formats and uses nothing but the best high end and low end editorial and graphic tools as well as full Duplication department that can handle all duplication and electronic delivery needs.
