

Motorcycle Accessories Product Maximizes Riding Boot Comfort

Motorcycle enthusiasts can maximize their riding boot comfort and keep their feet dry and comfortable with Tech Sox™, a product offered by Harleymon, a leading motorcycle accessories retailer.

([PRWEB](#)) May 4, 2005 -- Harleymon Enterprises, a leading [motorcycle accessories](#) retailer, is now offering high-tech, high-performance riding socks, along with other merchandise, to their product line. Motorcycle enthusiasts can keep their feet dry and increase their comfort when wearing riding boots.

Harleymon believes adding Tech Sox™ to their motorcycle accessories lineup is a good way to provide its customers with quality merchandise that improves their riding performance. The socks are engineered to eliminate painful pressure points inside different styles of riding boots and to keep the feet dry and comfortable in any temperature, such as keeping them cool in warm weather and warm in cool weather. Offering this product to their [motorcycle accessories](#) is one way Harleymon ensures their customers are up-to-date.

“We want to empower our customers to have the best riding performance possible,” said Joe Kosoglow, Owner of Harleymon Enterprises. “If they know what is available to them it makes their lives easier.”

In addition to the new Tech Sox™, Harleymon has added other [motorcycle accessories](#) to their product line. Camping tents, Gypsy Jeans, and the new Fix My Hog DVDs are a few of the [motorcycle accessories](#) featured.
