

World's Best to Feature Boss Bags, Inc.

Motorcycle Saddlebags by Boss Bags, Inc. is a maker and distributor of high quality detachable leather motorcycle saddlebags for Harley Davidson, Kawasaki, Honda, and Yamaha cruisers.

Deerfield Beach, FL ([PRWEB](#)) May 7, 2005 -- New Line Media Solutions is pleased to announce the selection of Boss Bags, Inc. to appear in a segment on "Quality Saddlebags" as part of the American Biker's Series in the World's Best series.

Motorcycle Saddlebags by Boss Bags, Inc. is a maker and distributor of high quality detachable leather motorcycle saddlebags for Harley Davidson, Kawasaki, Honda, and Yamaha cruisers. They are made in the USA! All Boss Bags have quick release straps and lockable lids.

Boss Bags can be customized from plain: They can add studs, conchos, fringes, or even "piggyback" bags on certain models. Boss Bags are made from 100% leather, and heavy plastic reinforced sides, bottom, back, and lid. Needless to say, Boss Bags will always hold their shape.

Standards for leather saddle bags are strict -- the results are thick and firm. Bags also have a weather-resistant finish. The leather, as well as the concho straps, will not fade or lose their color.

There is also available a Trunk Bag for sissy bar/luggage rack, which was invented thanks to customer demand!

Boss Bags has come out with a rebuild on OEM Harley Davidson Heritage Softail saddlebags that reinforces them and makes them lockable. This makes them have some of the features that Boss Bags is known for.

All Boss Bags are numbered according to how many 12-ounce cans (i.e. soda, beer, etc.) fit into each side of the bag. They range from: 22, 26, 27, 31, 34, 42, and 55-can capacity bags. See which one fits your bike by clicking on the homepage.

You can buy Boss Bags factory-direct right from the makers. E-mail bossbags1@aol.com, or call 1-888-853-9975. Brochures are also available on each bag.
