

SAE International 2017 Noise and Vibration Conference and Exhibition Announces Registration is Open

SAE International announces that registration is now open for the SAE 2017 Noise and Vibration Conference and Exhibition which will be held at the DeVos Place Convention Center in Grand Rapids, Michigan on June 12-15, 2017.

Warrendale, PA ([PRWEB](#)) January 26, 2017 -- SAE International announces that registration is now open for the [SAE 2017 Noise and Vibration Conference and Exhibition](#) which will be held at the DeVos Place Convention Center in Grand Rapids, Michigan on June 12-15, 2017.

This is the premier technical event dedicated to mobility noise, vibration and harshness. Held biennially, this conference serves as a forum for leading automotive, commercial vehicle, and aerospace professionals to share the latest technologies surrounding NVH, and sound quality. The following topics related to vehicle design, engineering and testing will be the focus of the event:

- Engine/Powertrain/Drivetrain
- Heavy Vehicle and Vehicle Exterior
- Numerical Methods
- NVH Measurement
- Passive and Active NVH Control
- Standards, Process and Perspectives
- Vehicle Subsystem NVH
- Commercial and Specialty Vehicles

The SAE 2017 Noise and Vibration Convention and Exhibition's technical program features chats with experts, workshops and keynote presentations. The keynote presentations will be presented by Prof. Ahmet Selamet, Fellow, Acoustical Society of America, Fellow, SAE International, Senior CAR Fellow, Professor, Mechanical and Aerospace Engineering at The Ohio State University; and Gabriella Cerrato, Manager, Global Engineering Services at Bruel & Kjaer.

By attending this event, attendees will gain a full understanding of NVH and sound quality issues related to vehicle design, engineering and testing; learn about the latest trends and solutions in the marketplace; and exchange ideas with leading experts and industry peers from around the world. Attendees will also have the opportunity to attend INCE USA's NOISE-CON 2017's sessions along with the shared show floor between the two conferences, due to the co-location of the two events.

To learn more about the SAE 2017 Noise and Vibration Convention and Exhibition or to register, visit sae.org/nvc.

SAE International is a global association committed to being the ultimate knowledge source for the engineering profession. By uniting over 127,000 engineers and technical experts, we drive knowledge and expertise across a broad spectrum of industries. We act on two priorities: encouraging a lifetime of learning for mobility engineering professionals and setting the standards for industry engineering. We strive for a better world through the work of our charitable arm, the SAE Foundation, which helps fund programs like A World in Motion® and the Collegiate Design Series™.
