

SAE International Honors 15 with the 2017 James M. Crawford Technical Standards Board Outstanding Achievement Award

SAE International announces it is honoring 15 mobility engineering professionals with the 2017 James M. Crawford Technical Standards Board Outstanding Achievement Award.

WARRENDALE, Pa. ([PRWEB](#)) February 24, 2017 -- SAE International announces it is honoring 15 mobility engineering professionals with the 2017 James M. Crawford Technical Standards Board Outstanding Achievement Award.

The award recognizes individuals for outstanding service in the technical committee activities of SAE International. This includes valuable contributions to the work of SAE International technical committees, unusual leadership in the activities of an SAE International technical committee, significant contributions as a representative of the Society to the accomplishments of technical committees of other organizations or of government agencies, and outstanding contributions to SAE International technical committee work in the form of research, test methods and procedures, and/or development of standards.

The James M. Crawford Fund was established in 1953 and honors James Crawford, who was SAE International President in 1945. In 2013, the award previously known as the Technical Standards Board Outstanding Achievement Award, was renamed the James M. Crawford Technical Standards Board Outstanding Achievement Award.

2017 award winners include:

Aerospace Council

- Daniel K. Christensen, Configuration/Data Manager, Naval Air Systems Command
- Daniel Colica, Principal Software Engineer, Raytheon
- Thad W. Henry, Technical Lead, NASA
- George I. Legarreta, Airport Civil Engineer, United States Department of Transportation - FAA

- Ryan Mayes, Logistics Management Specialist, U.S. Army

- Crystal Reed, Configuration Management Technical Process Owner, Space and Naval Warfare Systems Command (SPAWAR)
- Bhanu Sood, Commodity Risk Assessment Engineer (PCB), NASA Goddard Space Flight Center

Construction, Agriculture & Off-Road Council

- Thomas Haley, Retired - Product Safety Engineering Manager, Vermeer Corporation
- Lary Williams, Retired (Posthumous), John Deere

Motor Vehicle Council

- Paul Baltusis, Technical Leader for Powertrain Engineering, Ford Research & Engineering Center
- Harald K. Eisele, Technical Lead Engineer, Adam Opel AG / GM Europe

- David D. Hartfelder, Director - System Safety, General Motors, LLC
- Thomas Lockwood, President, Lockwood Thermal Management

- Steve Moss, Engineer, DTS - Diversified Technical Systems Inc.

- Angelo P. Patti, Product Development Engineer, Ford Motor Company

SAE International is a global association committed to being the ultimate knowledge source for the engineering profession. By uniting more than 127,000 engineers and technical experts, we drive knowledge and expertise across a broad spectrum of industries. We act on two priorities: encouraging a lifetime of learning for mobility engineering professionals and setting the standards for industry engineering. We strive for a better world through the work of our philanthropic SAE Foundation, including programs like A World in Motion® and the Collegiate Design Series™.
