

SAE International Formula Hybrid Competition Set for May 1-4 at New Hampshire International Speedway

SAE International's Collegiate Design Competition, Formula Hybrid, will get underway Monday, May 1, and run through Thursday, May 11, at New Hampshire International Speedway in Loudon, N.H.

WARRENDALE, Pa. ([PRWEB](#)) April 26, 2017 -- SAE International's Collegiate Design Competition, [Formula Hybrid](#), will get underway Monday, May 1, and run through Thursday, May 11, at New Hampshire International Speedway in Loudon, N.H.

Founded in 2006 and run by the Thayer School of Engineering at Dartmouth College, Formula Hybrid takes place each spring at the New Hampshire Motor Speedway. The competition is recognized as part of the SAE International Collegiate Design Series and is regarded as the most complex of the competitions.

Formula Hybrid is a design and engineering challenge for undergraduate and graduate students. Students must collaboratively design and build a formula-style electric or plug-in hybrid racecar and compete in a series of events. This educational competition emphasizes drivetrain innovation and fuel efficiency in a high-performance application.

For more information on Formula Hybrid, visit <http://students.sae.org/cds/formulaseries/hybrid/>. To request media credentials, email [pr\(at\)sae\(dot\)org](mailto:pr(at)sae(dot)org) or call 1-724-772-8522.

SAE International is a global association committed to being the ultimate knowledge source for the engineering profession. By uniting over 127,000 engineers and technical experts, we drive knowledge and expertise across a broad spectrum of industries. We act on two priorities: encouraging a lifetime of learning for mobility engineering professionals and setting the standards for industry engineering. We strive for a better world through the work of our philanthropic SAE Foundation, including programs like A World in Motion® and the Collegiate Design Series™.
