

## **SAE International 2018 Hybrid and Electric Vehicle Technologies Symposium Slated for February in San Diego**

*SAE International announces the return of their Hybrid and Electric Vehicle Technologies Symposium to the DoubleTree Hotel San Diego Mission Valley in San Diego-Mission Valley, California, USA on February 20-22, 2018.*

WARRENDALE, Pa. ([PRWEB](#)) September 27, 2017 -- SAE International announces the return of their Hybrid and Electric Vehicle Technologies Symposium to the DoubleTree Hotel San Diego Mission Valley in San Diego-Mission Valley, California, USA on February 20-22, 2018.

For its 15th consecutive year, the SAE 2018 Hybrid and Electric Vehicle Technologies Symposium (HVTS) is the source for current and forward-looking hybrid and electric vehicle technology advances, providing industry developments from prominent representatives of OEM and supplier companies. This must-attend event provides vehicle design engineers and management with a forum to share and discuss the latest technology, applications, and overall development challenges for electric and hybrid-electric vehicles through lively discussions and ample networking opportunities to learn and connect with the companies, industry experts, and technology specialists from the entire supply chain of EV, HEV, and EREV vehicles.

By attending this symposium, you will

- Expand your knowledge
- Engage in conversations and presentations about the latest on regulatory happenings and positions
- Exchange ideas for evolving, new technologies
- Network and interact with leading electric and hybrid-electric vehicle engineers from the OEMs and associated supplier companies
- Enhance your expertise as knowledgeable powertrain electrification experts

As you begin planning your 2018 travel, be sure to add this event to your calendar. To learn more about the SAE Hybrid and Electric Vehicle Technologies Symposium, visit <http://www.sae.org/events/hybridev/>.

SAE International is a global association committed to being the ultimate knowledge source for the engineering profession. By uniting over 127,000 engineers and technical experts, we drive knowledge and expertise across a broad spectrum of industries. We act on two priorities: encouraging a lifetime of learning for mobility engineering professionals and setting the standards for industry engineering. We strive for a better world through the work of our charitable arm, the SAE Foundation, which helps fund programs like A World in Motion® and the Collegiate Design Series™.
