All Traffic Solutions Offers On-Demand Webinar for Law Enforcement

Webinar Explores How Data and Analytics Helps Communities to Meet Traffic Management Objectives

Herndon, VA (PRWEB) September 28, 2017 -- All Traffic Solutions, the leader in cloud-based traffic management solutions for law enforcement, transportation and smart cities, has shared a free on-demand webinar for law enforcement titled In Hot Pursuit of Traffic Data: How to Use Data Collection as Evidence.

Former police officer Heidi Traverso, Strategic Solutions Director for All Traffic Solutions presents straight talk about the considerable traffic management challenges that police departments face every day, and demonstrates how having immediate, web-based access data and analytics makes it possible for law enforcement agencies to meet their traffic management objectives and make roads safer in their communities.

Highlights include:
• How to use data reports to demonstrate need when applying for a traffic safety grant
• Ways to reduce manual traffic data collection and file management
• Strategies to clear complaints and improve community relations
• The data points that help law enforcement take the guesswork out of resource prioritization
• How to leverage traffic analytics for success measurement and long-term planning
