

All Traffic Solutions Offers On-Demand Webinar on Increasing School Year Safety

Webinar Shares Cost-Effective Strategies to Make Roads Safer and Calm Traffic

Herndon, VA ([PRWEB](#)) September 27, 2017 -- All Traffic Solutions, the leader in cloud-based traffic management solutions for law enforcement, transportation and smart cities, presents a free on-demand webinar for law enforcement and municipalities titled Increasing School-Year Road Safety: Proven Strategies You Can Use Now. Host and former police officer Cam Reed shares how law enforcement and municipalities can improve road safety for everyone year round.

During the school year, law enforcement and municipalities have to deal with more road congestion, increased traffic safety challenges and additional demands on officers' time. The All Traffic Solutions webinar includes strategies that law enforcement and municipalities can implement now to keep students, pedestrians and drivers safe without deploying additional resources, as well as how to utilize traffic data and analytics to identify potential trouble spots, prioritize enforcement locations, clear complaints faster and track results.

Topics include how to:

- Calm traffic and maximize resources in high speeding areas, school zones and at events
- Increase road safety for students and pedestrians during peak traffic hours
- Leverage traffic data to identify trouble spots, prioritize resources and track results of traffic safety initiatives
