

## **All Traffic Solutions Presents Traffic Data Webinar for Law Enforcement**

*Live Event Shares How Data and Analytics Helps to Meet Traffic Management Objectives*

Herndon, VA ([PRWEB](#)) June 13, 2017 -- All Traffic Solutions, the leader in cloud-based traffic management solutions for law enforcement, transportation and smart cities, will present a live webinar on Wednesday, June 21 at 2pm ET/11am PT called In Hot Pursuit of Traffic Data: How to Use Data Collection as Evidence. Host Heidi Traverso, Strategic Solutions Director for All Traffic Solutions will present straight talk about the traffic management challenges that police departments face every day, and how having immediate, web-based access data and analytics can help law enforcement agencies to meet their traffic management objectives.

Topics include:

- How to use data reports to demonstrate need when applying for a traffic safety grant
- Ways to reduce manual traffic data collection and file management
- Strategies to clear complaints and improve community relations
- The data points that help law enforcement take the guesswork out of resource prioritization
- How to leverage traffic analytics for success measurement and long-term planning
