GSA FLEET CUSTOMER NOTICE

Dear Valued GSA Fleet Customer:

Thank you for making us your preferred vehicle fleet provider. We appreciate your business and remain dedicated to bringing you the best services and solutions at the lowest possible cost. To ensure GSA Fleet is able to fulfill your vehicle needs that accomplish your agency mission, GSA Fleet is issuing a 1% aggregated rate increase for fiscal year (FY) 2021.

GSA Fleet sets lease rates to recover all operating costs of the vehicle. Lease rates are reviewed and adjusted at least annually to reflect any forecasted cost changes. Be assured that we continuously work to find cost reductions and maintain our low rates. In order to align rates with operating costs, the actual rate change vary for individual vehicle classes in order to most closely align rates with costs.

Attached find the official GSA Fleet Rate Bulletin, effective October 1, 2020. A detailed rate table is available at www.gsa.gov/vehiclerates.

Thank you for your support. We pride ourselves on our ability to provide you the best solutions with exceptional service at the lowest possible price. We look forward to addressing all your fleet requirements and we value our continued partnership.

Sincerely,

DocuSigned by:
