Subject: Western Star Airlines

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler Trucks North America LLC, on behalf of its wholly owned subsidiary, Western Star Trucks Sales, Inc., has decided that a defect which relates to motor vehicle safety exists on specific Western Star 4900 vehicles with a standard cab height and a Detroit Diesel DD13 engine manufactured October 14, 2009, through May 13, 2011.

The supply and delivery airlines for the foot valve may contact the engine air intake. Relative motion between the cab and engine may allow the delivery airlines to chafe on the air intake. Over time, a hole in a delivery airline may develop. This could eventually lead to reduced braking capacity to the front or rear brakes and increase the risk of a vehicle crash.

A new bracket will be installed and the airlines will be rerouted. Any damaged airlines will be replaced. **IMPORTANT:** Advance arrangements are required for this Recall in order to ensure parts are available for your vehicle at the dealership. The Recall will be performed when the parts have arrived and are in stock at the dealership.

To locate an authorized dealer, search online at www.Daimler-TrucksNorthAmerica.com. The Recall will take up to an hour and a half and will be performed at no charge to you.

You may be liable for any progressive damage that results from your failure to complete the Recall within a reasonable time after receiving notification

If you do not own the vehicle that corresponds to the identification number(s) which appears on the Recall Notification, please return the notification to the Warranty Campaigns Department with any information you can furnish that will assist us in locating the present owner. If you have leased this vehicle, Federal law requires that you forward this notice to the lessee within 10 days. If you are a subsequent stage manufacturer, Federal law requires that you forward this notice to your distributors and retail outlets within five working days. If you have paid to have this recall condition corrected prior to this notice, you may be eligible to receive reimbursement. Please see the reverse side of this notice for details.

If you have questions or need further information, please contact the Warranty Campaigns Department at (800) 547-0712, 7:00 a.m. to 4:00 p.m. Pacific Time, Monday through Friday, e-mail address DTNA.War.Campaigns@Daimler.com, or the Customer Assistance Center at (800) 385-4357, after normal business hours. You may wish to submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the Vehicle Safety Hotline at (888) 327-4236 (TTY: 800-424-9153); or to <http://www.safercar.gov>.

We regret any inconvenience this action may cause but feel certain you understand our interest in motor vehicle safety.
