18 Days in the Life of Our Club

By Jim Brooks, Chapter Contact

Now that the very busy time is over I would like to thank all those who gave of their time, and in some cases sweat, for helping out the club events. For those of you not aware of what the club has done here is a list of dates and places:

July 17—NIMCON

July 18—Gary Lang Car Show

July 19—Green Street Cruise Night (3 days in a row)

July 31 & August 1—Indian Uprising Model Car Show

August 2—Putting on decals for McHenry County Sheriff Department National Night Out Make & Take

August 3—McHenry County Sheriff Department National Night Out Make & Take in Crystal Lake (four days in a row, what an effort by the club)

I'm happy to say that each one of these events went very well and we have been asked to do some again next year plus the club has grown some more with new members. The club was also in the Northwest Herald news paper and on the internet along with being asked to do a model contest this coming November, more of that later.

For the following, (please forgive me if I over looked any one as I was not at each event all day and might have missed seeing someone) I wish to extend a very big thank you for your club support:

Nick Gregory

John Walczak

Steve Lohr

Craig Sincora

Walt Fink

Joe Salzburg

Doug DeMars

Bob Denien

Gerry Paquette

Ken Kellner

Jim Brooks

Without the effort the above members made NONE of the events would have gone as well as they did, I wish each one a very big THANK YOU for your help.

Also within the same time frame a banner frame was made to hold our club banner which was put to use at some of the events, it is not quite finished yet but we pressed it into use anyway.

The club is taking a short break from all the outside activity for the rest of the month so we can regroup and see what we can do to improve for the next round of events, please keep in mind that we can always use more help at these events, even if only for a hour or two so the

members there can get a break for a little while to see the show, or get something to eat or drink and catch their breath.

Indian Uprising Model Car Show Winners

More pictures will be on the club website soon!

C.A.R.S. in Miniature

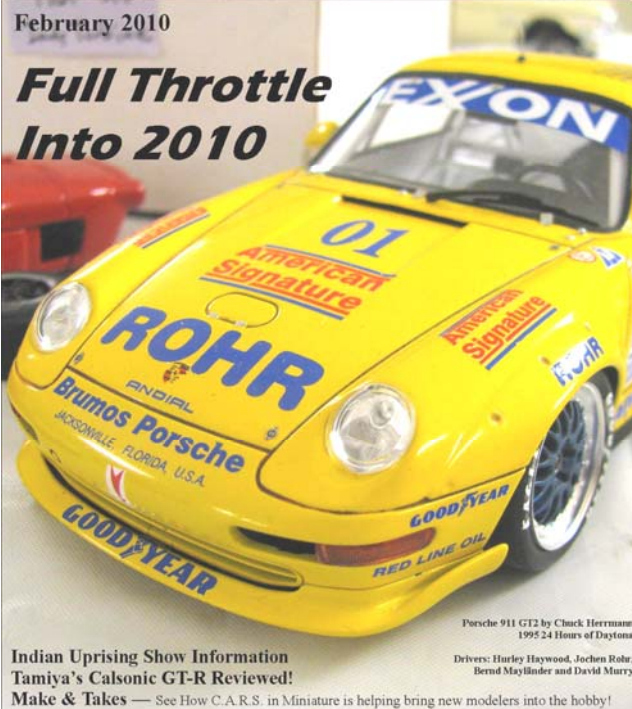

C.A.R.S. in Miniature Model Club is a model car club that is dedicated to a great hobby. We are family friendly and have members of all age groups; from the novice to the expert level, we welcome all and have something for every skill level.

The club goal is to bring the joy and pride of accomplishment to all members and to help all builders learn and improve to a skill level they are comfortable with. Our members help each other learn new or improved modeling skills.

We hold our meetings on the second Saturday of each month, starting at 7:00pm in Crystal Lake at the Algonquin Township Office building at 3702 Rt. 14, Crystal Lake, Illinois 60014. The club invites all interested to attend a meeting and find out what we are all about.

One of the many benefits of membership are the discounts available through our partnered hobby stores and manufacturers, along with our many raffles and our family holiday banquet.

This is a club that is all about the fun of a great hobby that instills the joy and pride of accomplishment to all members.
