

FOR IMMEDIATE RELEASE

TNT Super Series first ever Memorial Day double header this weekend

Steve's Electric powers the first western New York double of 2012!

NEW YORK (May 22, 2012) This Friday & Saturday, May 25-26, will see the Joe's Transmission TNT Super Series bring the double race weekend back to sportsman drag racers in the western New York / southern Ontario area - including **\$1000/win on Saturday night!**

Steve's Electric Co. LLC

Friday's event will be on the 1/8th mile at Dunn Tire Raceway Park in Lancaster NY and then it's 1/4 mile action Saturday at Empire Dragway in Leicester NY.

"That's one of the things that makes the TNTSS so competitive and why it produces such solid talent," said Joe Boniferro of Joe's Transmission, the series' title sponsor. "These guys will go from the 1/8 mile to the 1/4 mile and be killer on both!"

The TNTSS has never raced on a Memorial Day weekend before and they couldn't be more excited about having Steve's Electric involved. "It's no secret how Steve McCarrick has supported our efforts for this kind of sportsman series since before the TNTSS began," said Ted Barnes, TNTSS Director. "But what I haven't said is how Steve's family has served the country for three generations in war duties."

Norm, Steve's dad, served in the US Navy during WW 2, Steve in the US Navy Seabees in Vietnam and his son Jamie in the US Army Infantry, with 4 tours in Iraq. "We are so lucky to live in this part of the world and it's people like the McCarrick family that make it possible. That's what is going to make these Memorial Day weekend

events stand out for 2012, at least for me," added Ted. "I should add that as a previous TNTSS event winner, Steve is already in the 2012 Performance Improvements Race of Champions and he currently sits sixth in the TNTSS championship standings."

Current points leader Mark Herbold will be looking to solidify his position with a decent run at both events. Mark has been very close to a TNTSS championship for two years now, finishing 3rd in 2010 and then 2nd in 2011.

The first of two qualifying sessions will be at 5pm on Friday at DTRP and then at 3pm on Saturday at Empire. Visit www.dunntireracewaypark.com or www.empiredragway.com for more information.

About Steve's Electric

Steve's Electric Co is located on Griffith Rd in Phelps, NY. In business since 1976, they do commercial, farming, industrial & residential electrical work along with complete installation, maintenance & repair. Call Steve and his team at (315) 548-9340 for all your electrical needs.

About the Joe's Transmission TNT Super Series (TNTSS):

Since it began in 2006, the TNT Super Series has grown into one of the strongest, most competitive sportsman drag racing series in North America and has catapulted many competitors to success on the national and divisional stages.

The TNTSS is a self-governing organization with input from its teams. Based on NHRA's Super Street & IHRA's Hot Rod classes, competitors run on a 10.90 index in the 1/4 mile (7.00 in the 1/8 mile) and race for a guaranteed purse that pays back more than 100% of the racer's entry fees. The yearend points fund pays the top five finishers and the Series Champion receives a prize package worth over \$3500.00.

The TNTSS is committed to providing the highest level of competition backed by solid media support to showcase its participants across North America. Events are contested at various drag racing facilities in southern Ontario and western New York and put on a spectacular show for the drag racing fan.

About Joe's Transmission

Joe Boniferro has owned and operated Joe's Transmission Service in Niagara Falls, Ontario since 1984. From the original single bay location, the business has progressed to a six bay, five employee automotive complex on Arthur Street. The two storey building houses Joe's Transmission (Commercial, Fleet and Performance Divisions) and Al's Radiator Service. They sell and install aftermarket high performance parts and accessories. As a Firestone Dealer they sell and install drag racing tires. Their specialty is building and repairing high performance transmissions. Contact Joe and his team at (905) 374-6116 or visit them online at www.joestransmission.com.
