Press Release

## **US 285 road work scheduled in Eddy County**

**Carlsbad** – Work to repair a section of pavement on US 285 north of Carlsbad will begin this week. Work will take place between mile marker 43 and mile marker 50. Crews will begin on the northbound lanes then move to the southbound lanes.

Work is expected to take approximately a month to complete. The work is in an effort to improve the overall surface condition of that section of US 285.

Motorists are asked to watch for construction personnel working in the area, observe temporary lane closures and reduce speed while work is taking place.
