Traffic Report for week of October 5, 2014

White Sands Missile Range Notification

For information regarding closures you may call WSMR at 678-1178 or 678-2222 for updates.

- Traffic updates are posted on the NMDOT traffic advisory web-site at www.nmroads.com and can be retrieved through our automated system at 511 in New Mexico or 1-800-432-4269 from any line.

N. Main/US 70 Las Cruces

The NMDOT with G. Sandoval Construction have extended their traffic control devices and concrete wall barriers along US 70 from Chestnut to the Madrid Street interchange. Motorists will encounter one lane restrictions for both east and westbound traffic, which is limited to 10 feet within the work zone. The contractor continues work along the median and on the inner lanes; speed limit is posted at 35 MPH.

Businesses along the corridor are **open**; please contact them for their hours of operation.. Should an incident occur within the work zone and is not considered life threatening. Law enforcement is asking drivers to move their vehicles off onto a side road, or parking lot so that they can assess the situation in a controlled environment.

The City of Las Cruces will be making modifications to their bus route which can be found on their web at <http://www.las-cruces.org/Departments/Transportation/Services/RoadRUNNER%20Transit.aspx>

I-10/Mesquite & Vado Interchange

The New Mexico Department of Transportation (NMDOT) District One office and El Terrero continue with construction of the I-10 overpass bridge at the Mesquite exit. The eastbound on and off ramps (mile marker 151) are **CLOSED**. The contractor is currently working on removing the exiting ramps and reconstructs the newly designed approaches that will tie into the Mesquite interchange. This closure is scheduled to be lifted by the end of business on Monday October 20, 2014. This will not affect the westbound ramp at the Mesquite Bridge. Motorists will be advised of the I-10 eastbound lane closure along with the bridge overpass. The public is encouraged to seek an alternate route as the bridge will remain closed until full reconstruction of the Mesquite overpass is complete.

East and westbound traffic on I-10 is detoured onto the westbound lanes, where motorists encounter lane restrictions from mile marker 150 to 155 (Vado exit). Motorists are encouraged to reduce speed and to proceed with caution during peak hours. Should an incident occur within the restricted area in which the concrete wall barrier is located, and is considered non-life

threatening, law enforcement is requesting that drivers move their vehicles over to a safe location so that they can assist and assess the situation.

I-10/Avenida de Mesilla and NM-28 Las Cruces, NM

The District One office for the New Mexico Department of Transportation (NMDOT) with La Calerita Construction continues with minor work along I-10, which consists of cable barrier and median work. **All** ramps are open with north and southbound lanes on Avenida de Mesilla open with no restrictions. Please continue to proceed with caution.

I-25 Socorro & Sierra County

The NMDOT with Villalobos Construction continue with bridge rehabilitation work that cross over I-25. Currently the contractor is working at the San Marcial Bridge (exit 125 in Socorro County). Traffic will encounter lane and width restriction as they cross this work zone on I-25 between mile markers 126-124.

Northbound traffic will be detoured at the San Marical Bridge (exit 125) during the day as the contractor performs work on the interstate which will pose a safety issue for motorists. Traffic control will revert back on to the interstate during overnight hours.

The next scheduled bridge will be the I-25/exit 79 bridge in T or C (Sierra County). A Public Meeting will be held prior to work commencing on the I-25/exit 79 bridge for T or C. Each bridge will be **CLOSED** in segments as work is being conducted, along with traffic restrictions in place as work progresses.

I-25 Elephant Butte

The NMDOT and Mountain States Constructors have shifted traffic the north and southbound lanes where motorists will travel on the newly constructed bridge for north and southbound movement. Traffic will continue be restrict to 12.5 foot width restrictions between mile markers 88 to 92. The contractor is currently removed the existing bridge which requires the northbound OFF ramp to be **CLOSED** at exit 92 due to reconstruction of the northbound lanes, please follow traffic control signage within the work zone.

Project is scheduled to be complete by June 2015. Reduce speed and proceed with extreme caution as you travel through this area.

I-25 North of Truth or Consequences

The NMDOT with Fisher Sand & Gravel will continue with their mill and inlay along a portion of I-25 between T or C and Socorro, NM. The contractor will have lane and speed restrictions posted within the work zone as they work throughout the weekend with their paving operations. Please use extreme caution as uneven paving surfaces may be present during the overnight hours.

US 70 Las Cruces, NM

The NMDOT with Smith and Aguirre Construction continue with median work from the I-25/US 70 Interchange to Rinconada Blvd (exit 152). The contractor continues with minor work with lane restrictions still in place. The project encountered some minor delays due to inclement weather, and will continue with work within the median until the week of October 17.

NM 11 Deming

NMDOT with Brasier Construction will be placing a Nova Chip along NM 11 from Columbus (mile marker 4.7) working northbound to Deming (mile marker 27.7). The contractor will start Wednesday September 3rd at mile marker 4.7 and work northbound in 4 mile increments to cover both north and southbound lanes. Working hours will be 7:00 am until 6:00 pm daily until the project is complete.

NM 51 East of Truth or Consequences, NM

NMDOT along with Meridian will continue work on a portion of NM-51 to improve the drainage channel by Ash Canyon as rip-rap and guardrail is being installed. During working hours motorists may encounter minor delays, and are encouraged to adjust their schedule to accommodate their travels.

NM 460 Anthony, NM

NMDOT and Smith and Aguirre are working on installing a storm culvert drain pipe under NM 460 from Miller Street to Landers Drive. The contractor will construct a pond beside the Community Development Center, along with mill and inlay from New Mexico/Texas state line to O’Harra Road/NM 460. The project will also have new ADA compliant features such as sidewalks with landing and turnouts along NM 460.

NM 549 Deming, NM

NMDOT is currently resurfacing a portion of NM 549 between mile markers 23 to 25 so this section of roadway is closed as the contractor continues work along this section of roadway.
