Press Release

## **Bridge Maintenance Repair Work in Dona Ana County on Various State Roadways**

**Las Cruces, NM** – The New Mexico Department of Transportation (NMDOT) District One office with HASSE Construction will be performing maintenance repair work on various State-owned bridges where motorists will encounter intermittent lane closures.

The contractor will start work on Monday, May 18, 2015, and will work Monday through Friday from 7 a.m. until 5 p.m. where traffic control will be placed alerting motorists of the lane and speed restrictions within the work zone. The NMDOT will post roadway notifications of the work as it transitions from one location to another on [www.nmroads.com](http://www.nmroads.com). The routes affected will be as follows:

- NM 192 mile marker 1.09 near Anthony, NM
- NM 157 mile marker .0 near Radium Springs
- I-25 mile marker 35.33 for north and southbound near Rincon
- NM 185 mile marker 14.25 near Radium Springs
- NM 225 mile marker 1.2 near Anthony, NM
- NM 359 mile marker 1.9 near Mesilla
- NM 192 mile marker 1.09 near Berino
- I-10 mile marker 127.08 at the Corallitos Interchange exit 127
- US 70/Picacho Ave mile marker 141 in Las Cruces over the Rio Grande

The contractor will be repairing the existing bridge decks and sealing the deck surfaces, which will assist in extending the longevity of the bridge surface. For additional information regarding this project, you may contact Earl Franks, P.E., Bridge Engineer for the NMDOT District One office. He can be reached at [earl.franks@state.nm.us](mailto:earl.franks@state.nm.us) or call (575) 544-6579.
