

Excellence acknowledged, BAT Auto Technical receives Golden Web Award.

(Warrenton, Oregon, June 27, 2001) -- BAT Auto Technical, a comprehensive automotive technical information source, has recently received a website design award from Golden Web Awards, a website design group, by The International Association of Web Masters and Designers.

([PRWEB](#)) June 26, 2001 -- The Golden Web Award was made following a rigorous review of the site for content, graphics, goals, and experience of the website designer. The award was made following a rigorous review of the site for content, graphics, goals, and experience of the website designer.

"We're delighted to receive this award, because it reflects BAT Auto Technical's professionalism and commitment to excellence," said Tony Murray, Co-founder of BAT Auto Technical. "This award also reflects the growth of the website and how it effects the professional automotive industry."

ABOUT BAT AUTO TECHNICAL

BAT Auto Technical is one of a kind automotive technical website, where professional mechanics help people with their vehicle problems by providing professional, quality information. Where Professional, Do-it-Yourselfer, Consumer and manufacturer can gather to gain quality information to meet their needs.

Our goal is to provide a comprehensive source of automotive repair information.

A place where people can come to locate the information they need to take care of their vehicles and save time, money and headaches.
