

Article on Car Manufacturer's Resistance to Driverless Technology Indicates that Luxury Car Drivers May Wish to Remain in Control, notes Luxury Line Auto Rental

Commenting on the recent article, the Los Angeles area car rental agency explains that for some luxury motorists, the appeal of hands-on driving could trump the benefits of driverless technology

Los Angeles, CA ([PRWEB](#)) February 10, 2016 -- Luxury Line Auto Rental is a Los Angeles based car rental agency that has been renting luxury automobiles to people who enjoy the thrill of the road and top notch performance since 1989. According to a recent [article](#) published February 2nd on Sky News, despite the fact that companies such as BMW and Mercedes Benz are experimenting with driverless car technology, the chief executive of Porsche has revealed that the firm currently has no plans to follow this trend. Commenting on this announcement, Luxury Line Auto Rental notes that this news is potentially illustrative of a new counter trend in the world of automotive development. Luxury Line Auto Rental notes that, while the development of driverless cars currently has a lot of momentum behind it, the rental center appeals to consumers who are keen to put the pedal to the metal in a Maserati Ghibli or a Mercedes Benz S550 and who truly enjoy the hands-on driving experience.

According to Luxury Line Auto Rental, there are several qualities most desirable in [luxury cars](#) these days. These traits include:

- **Top Notch Performance** – When it comes to luxury car performance, Luxury Line Auto Rental notes that the two most crucial statistics of a vehicle are the overall horsepower and the 0 to 60 acceleration of the vehicle. Depending on the weight of the car and engine specifications, they note that the 0 to 60 acceleration time of their luxury vehicles ranges from between three to six seconds, and the horsepower varies wildly based on the weight of the vehicle and the size of the engine.
- **Unmatched Style** – The rental agency notes that, whether a borrower's goal is impressing new clients by rolling up in a Rolls Royce or escorting one's daughter to a special family event in a Porsche, the sleek, modern styles of luxurious automobiles are certainly crowd pleasers. Luxury Line Auto Rental offers comfortable full size SUVs as well as speedy European delights such as the Porsche Panamera and the BMW M3.

Regardless of the kind of vehicle a potential borrower has in mind, Luxury Line Auto Rental notes that they have styles and models of cars to fit the needs of people from all walks of life. Moreover, Luxury Line Auto Rental explains that they make every possible effort in ensuring that their vehicles are in the best condition, both under the hood and cosmetically, so renters get that fresh off the showroom floor feeling every time they step inside their rental car.

For more detailed information about the vehicles in Luxury Line Auto Rental's showroom, or to make a reservation today, interested readers may call the rental agency at (310) 274-1000, or visit it online at www.LuxuryLineAutoRental.com.
