

Dealer Car Search Receives "Highest Rated" DrivingSales Dealer Satisfaction Award

Ranked #1 in Dealer Satisfaction, Dealer Car Search wins award in Website Category

LOUISVILLE, KY ([PRWEB](#)) February 24, 2016 -- Dealer Car Search has received the "Highest Rated" Website Award in the seventh annual DrivingSales Dealer Satisfaction Awards. Dealer Car Search received the highest dealer satisfaction ranking in the Website category, as determined by the thousands of auto dealers who are part of the DrivingSales community.

"We are extremely excited to have received this award two times. Our team works extraordinarily hard to provide the very best Dealer Websites and Value Added Digital Services in the Automotive Industry, and we plan on staying on top for a long time to come." stated Rick Wilson, Dealer Car Search CEO.

The company launched its first Responsive Websites at the beginning of 2014. "We were one of the first companies to build Responsive Websites, making Dealer Car Search a pioneer in the Responsive Website arena," Wilson said. "Two years later we continue to deliver the best, most affordable, and most reliable Responsive Websites in the Automotive Industry. We build them faster than most vendors and for less money, making our solution the best overall value. This is why we receive such high customer satisfaction ratings from our Dealers," Wilson continued.

Dealer Car Search customers have an option to add Website Texting to their websites for a fee. End users are more satisfied because of the ability to easily and directly communicate with the dealer. Likewise, Dealers are more satisfied because of the increase in both leads and sales. <http://www.dealercarsearch.com/website-texting-for-car-dealers.aspx>

It does not seem that Wilson has any plans of slowly down or stopping any time soon. Wilson added that Dealer Car Search will continue to innovate and will launch several new products in 2016. Details about the upcoming products were not available, but Wilson declares they will be revolutionary for the industry.

"We are quickly becoming the one stop digital shop for car dealers by offering a multitude of value added products that operate on one user friendly platform. However, what is most important is that we deliver results to our customers so that they sell more cars and make more money." Wilson declared.

"We congratulate Dealer Car Search on being recognized as one of the best-of-the-best by the people to whom their services count the most: the dealer community," said DrivingSales CEO and Founder Jared Hamilton. "For seven years, and through over 25,000 validated reviews, DrivingSales Vendor Ratings has helped dealers make smart, more informed decisions, leading them to outstanding service providers such as Dealer Car Search."

The DrivingSales Dealer Satisfaction Awards are based on cumulative ratings tallied and verified over the calendar year (January–December) at DrivingSales.com Vendor Ratings. DrivingSales Vendor Ratings is the industry's only neutral, comprehensive vendor rating forum featuring real-time peer reviews and honest competitor comparisons, and provides dealerships with important information from actual customers who have hands-on experience using vendor products / solutions in their stores. Each rating is verified as coming from an actual dealership employee.

Full award results are available online at <http://dealersatisfactionawards.com/>. Award winners are showcased in the Q1 2016 issue of the DrivingSales DealerExec delivered to more than 2,000 of the top used car dealer in the U.S. For more information on DealerExec, please visit: dealerexecmag.com.
