

## **RVSHARK LAUNCHES WEBSITE DESIGN SERVICE**

*RVShark*, the online RV publication, announced today that it has started a services unit to make websites for RV industry companies. Information on the new service is available on the Internet at <http://www.rvshark.com/get.htm>.

PALO ALTO, CALIF. (PRWEB) October 20, 2001 - RVShark, the online RV publication, announced today that it has started a services unit to make websites for RV industry companies. Information on the new service is available on the Internet at <http://www.rvshark.com/get.htm>.

RVShark's website design service helps RV parks and other businesses establish an Internet presence quickly and inexpensively. As an organization that understands both RV's and websites, RVShark is uniquely well qualified to serve the RV industry's online design needs.

RVShark's new service includes website name procurement, site creation, hosting, and search engine registration.

### About RVShark

RVShark, the online RV publication, features crisp reviews of RV parks based on real RVers' experiences. RVShark is available free of charge on the Internet at <http://www.rvshark.com>. RVShark is owned by Eureka Media, Inc., a privately held corporation based in Palo Alto, California.
