

SAE International 2016 World Congress Career Fair Offers Opportunities for Mobility Professionals

Companies seeking automotive engineering professionals will be able to meet with prospective candidates at the SAE 2016 World Congress Career Fair in Detroit.

WARRENDALE, Pa. ([PRWEB](#)) March 22, 2016 -- Companies seeking automotive engineering professionals will be able to meet with prospective candidates at the [SAE 2016 World Congress Career Fair](#) in Detroit.

The Career Fair will be held at Cobo Center April 12 from 10 a.m. – 6:30 p.m. and April 13 from 10 a.m. – 6:00 p.m. at the SAE World Congress in Detroit.

The SAE [2016 World Congress](#) will be held April 12-14 at Cobo Center in Detroit. Executive Leadership is provided by Toyota; Tier One Strategic Partner for the event is AISIN.

The SAE World Congress is the industry's premiere conference for mobility engineers, offering the latest in cutting edge engineering technology. It also offers a chance for job seekers to network with an array of potential employers from around the world. In addition to meeting with potential employers, job seekers can participate in a number of helpful networking activities, including: attending Career Development Sessions for career skills, attending a free Resume Clinic where mobility industry experts will critique resumes, and browse open positions.

For companies, the event presents an opportunity to find talented job seekers that can fulfill a company's unique project needs. The diversity of the World Congress will mean that job seekers will come from an array of backgrounds in regards to technological skill sets and experience.

SAE International is a global association committed to being the ultimate knowledge source for the engineering profession. By uniting over 128,000 engineers and technical experts, we drive knowledge and expertise across a broad spectrum of industries. We act on two priorities: encouraging a lifetime of learning for mobility engineering professionals and setting the standards for industry engineering. We strive for a better world through the work of our philanthropic SAE Foundation, including programs like A World in Motion® and the Collegiate Design Series™.
