

AIS Insurance Launches Specialty RV Insurance Comparison Website, QuickRVInsuranceQuotes.com

RV owners are encouraged to better protect their investment, with a [specialty RV insurance policy](#) rather than a standard auto policy.

Cerritos, California ([PRWEB](#)) April 21, 2016 -- [AIS Insurance](#) has launched a new insurance website, [QuickRVInsuranceQuotes.com](#), dedicated to specialty insurance for motorhomes and other recreational vehicles, such as travel trailers, motorcycles, boats, jet skis and more. Consumers can learn more about and obtain quotes for specialty RV insurance policies that provide greater benefits over adding an RV to a driver's standard car insurance policy.

“We want to help recreational vehicle owners get the most enjoyment and value out of their investments in these unique types of vehicles, including protecting them with the right insurance coverage,” said Mark Ribisi, president and CEO of AIS Management LLC. “With our new QuickRVInsuranceQuotes.com website, RV owners can compare the rates of multiple insurance companies to find out just how affordable a specialty RV policy can be.”

While it's common for drivers to add an RV to an existing car insurance policy, there are significant benefits, with little to no added cost, to securing a specialty RV policy. Important coverages such as full purchase price reimbursement, full-timers coverage, campsite liability and emergency expenses are included with a specialty RV policy.

Since RV owners often have boats, ATVs and other recreational vehicles, insurance for these products is also available through QuickRVInsuranceQuotes.com.

Lastly, recognizing that RVs are more than just a vehicle and represent a lifestyle, QuickRVInsuranceQuotes.com features a blog with articles on safely owning, maintaining and enjoying recreational vehicles. The site also hosts social communities on [Facebook](#), [Twitter](#) and [Pinterest](#).
