

Interactive Leasing Solutions Inc. Announces "Testing the Waters" Campaign

Company Assessing Investor Interest, Looks to File Reg A Plus Tier 2 to Raise Additional Working Capital

Fort Lauderdale, Florida ([PRWEB](#)) April 20, 2016 -- Interactive Leasing Solutions, Inc. (Interactive) announced today that it has launched online a "Testing the Waters" campaign at <http://www.Interactiveleasing.com/RegaPlus> to gauge potential investor interest in the going public transaction. The Company is measuring public support by targeting family, friends, customers, dealers, vendors and others as it seeks to raise up to \$5MM of additional working and investment capital to support its growth strategies and surpass its operational goals.

[Interactive Leasing Solutions, Inc.](#) stated that its intention is to file a Regulation A Plus with the Securities and Exchange Commission (SEC) upon its "Testing the Waters" campaign reaching the threshold of \$1MM. The Company disclosed that it is targeting investors through targeted social media and through email campaigns inviting them to participate in the "Testing the Waters" campaign for the possible Regulation A Plus offering.

In the past only qualified investors, venture capitalists, and private equity firms have had the opportunity to invest via special securities in private to public transactions. This has changed as of June 2015 through the passing of the JOBS Act in April 2012 and the SEC's recent release of the regulations governing the new rules. In light of this change, the Company is considering allowing existing customers, dealers, friends, fans, and investors along with the general public to participate in the Interactive Regulation A Plus Offering. The Regulation A Plus offering will be presented to investors in the order they participated in the "Testing the Waters" campaign. If you are interested in finding out more or participating in this going public transaction, you can indicate interest through the dedicated webpage, <http://Interactiveleasing.com/RegaPlus>

Interactive must first qualify the offering with Federal regulators, before investment into this Regulation A Plus deal can occur. Prior to doing so, Interactive is "Testing the Waters" to gauge market demand from potential investors for an Offering under Tier II of Regulation A. No money or other consideration is being solicited, and if sent in response, it will not be accepted. Offers to buy securities cannot be accepted, and no part of the purchase price can be received, until an offering circular on Form 1-A is qualified. Any offer can be withdrawn or revoked at any time before notice of its acceptance is given after the qualification date of the offering circular. No sales of securities will be made or commitment to purchase accepted until qualification of the offering statement by the Securities and Exchange Commission and approval of any other required government or regulatory agency. An indication of interest made by a prospective investor is non-binding and involves no obligation or commitment of any kind. No offer of securities will be made without a qualified offering circular.

The Company is working with Teton International Advisors Inc., www.TetonInt.com a boutique consulting firm that specializes in reg a plus, crowdfunding and social media. The company also reported that it has not retained a securities attorney for the A/1 filing or a registered PCAOB, firm for the company's audit. The Company's web domain is www.InteractiveLeasing.com.

About Interactive Leasing Solutions, Inc.

Interactive Leasing Solutions is a specialty leasing company, which specializes in the transportation and livery industries. Our expertise in these industries and our partnerships with other transportation and livery industry companies makes Interactive Leasing Solutions the right choice. Because we specialize in the transportation

and livery industries, we understand the business. We utilize our experience to help determine the best vehicle for our customers' specific application. We help them locate the new or used vehicle needed (limousine, CEO edition, Sprinter van or party bus) and integrate the vehicle to the fleet quickly and efficiently.
