

TU-Automotive Awards 2016: Finalists Announced

Penton's TU-Automotive has released today the list of finalists for the 2016 TU-Automotive Awards (June 7, Hyatt Place Hotel, Novi, MI). These awards are the most highly regarded recognition of excellence, innovation and leadership in the connected car and automotive technology industry.

([PRWEB](#)) April 15, 2016 -- The finalists have been carefully selected by a panel of the top expert judges in each niche segment of the connected car industry. Over 400 nominations were received and analysed for the 10 categories. The categories were designed to cover all aspects of the connected car industry from OEM of the year and insurance telematics, all the way to ground breaking new areas including smart mobility solutions, ADAS and cybersecurity technology. The full list of finalists can be accessed here: <http://www.tu-auto.com/detroit/awards-finalists.php>

TU-Automotive's Awards Director, Emilie Leblanc said: "I am really excited to announce this year's finalists. The level of entries this year was really high and I think the judges did amazing work to come up with those finalists. Those selected represent the best of the best in the industry in terms of innovation, quality and industry engagement." She continued: "I want to thank the judges for their hard work as I know this wasn't an easy task this year with the calibre of applications."

The winners will be revealed during a glamorous party on June 7th at the Hyatt Place Hotel in Novi, Michigan, the day before the annual TU-Automotive Detroit Conference and Exhibition. Over 300 of the most influential names in the automotive technology industry will converge to celebrate the achievements over the past year. Tickets to attend the ceremony have now been released, they can be purchased here: <http://www.tu-auto.com/detroit/awards-register.php>
