

Modern Transportation Appoints Wilt as Director of National Accounts

Accomplished 30 year transportation veteran to lead growth in Fortune 1000 arena

Sewickley, PA ([PRWEB](#)) June 02, 2016 -- Modern Transportation, an industry leader in dry and liquid bulk material logistics transportation has appointed Brian Wilt as Director of National Accounts.

An accomplished sales executive with over 30 years in transportation, Mr. Wilt provides Modern with instant additional access to nationwide shippers to further accelerate their continued growth in the specialty chemical and petro chemical sector. “We’re delighted Brian has joined the Modern team”, shares Patrick Cozzens, President of Modern. “He’s not only the consummate marketer in chemical transportation, but also brings years of successful experience in bulk, intermodal, truckload, LTL, and logistics management.” Mr. Wilt also enjoys a consistent record of effective team building, sales execution, customer service, and strategic business initiatives that provide safe solutions to customer needs.

A graduate of the University of Toledo, Mr. Wilt began his transportation career with Carolina Freight Carriers, later spending 14 years at Norfolk Southern's Triple Crown Service intermodal subsidiary. Over the past twelve years, he has served in executive leadership positions of increasing responsibility at Quality Carriers and, most recently, Schneider Bulk.

At Modern, Mr. Wilt will report directly to Modern’s VP Sales, Randy Sheeler. “Brian and I worked for the same carrier about ten years ago”, reports Sheeler. “When the time came to seek additional strength and professionalism for our sales team, Brian was at the top of a very short list.” Mr. Wilt currently resides in the greater Atlanta area, a strategic location that will allow him to maintain and build upon the professional relationships he has enjoyed throughout his career.
