

## **Car Covers Offered At Additional Ten-Percent Discount On CarAutoCovers.com Website For Holidays**

*CarAutoCovers.com announced today that they would add another ten percent off on top of their everyday 50% off pricing to any customer who buys a car cover while supplies last.*

Anaheim, CA ([PRWEB](#)) December 14, 2015 -- CarAutoCovers.com, the only [car cover](#) company to offer a lifetime warranty on their car covers, announced today that they would add another ten percent off on top of their everyday 50% off pricing to any customer who buys a car cover while supplies last. Currently shipping to US and Canadian customers, the extra ten percent discount offered is for their sure-fit car covers. The website guarantees to fit the car with their covers or customers can exchange for one that does fit.

“At the end of the day, CarAutoCovers.com is about helping you to find the best car cover available at the cheapest price,” a representative said. “We understand it can be a painful process when searching for [car covers](#) . After all, your vehicle is an important part of your life. It's a major investment, and you should protect it from the elements. Finding the right car cover can sometimes be a challenge. Our goal is to make it inexpensive for you over the Holidays to buy the best car cover to fit your car.”

### **Suppliers have Great Reputations**

It has been ten years since CarAutoCovers.com was started in New York as a service “for drivers by drivers” to provide quality, inexpensive car covers. After a decade, the website has three warehouses in California, New York and Montreal. At the California headquarters, they've worked to develop a staff with top-shelf communication skills who know their product. “We're not all about fun. We work hard to develop relationships with suppliers who have great reputations,” a representative said. “We want to be able to carry the best car covers in the industry.”

### **Quality is Important**

According to CarAutoCovers.com, Quality is an important way to distinguish a good car cover from a bad one. “Just because we take an extra ten-percent off the Holiday price doesn't mean customers won't get a quality product.” During construction, they use ultrasonic welding process to create waterproof seals. “If anyone tries to sell you a car cover with stitched seams, understand that it will leak,” the representative said. “Only ultrasonic welding is waterproof.”

### **Shopping at the Website**

They designed a user friendly website that is ready to help buyers find the car cover they're looking for. According to the website, they drew from their experiences as online shoppers to understand the problems online shopping presents. Their answer is to make their website as simple as possible. They also keep staff around to answer consumer's questions. “Our goal is to walk you through what you need to know,” the representative said.

### **Additional Programs**

Along with the ten-percent discount Holiday sale, CarAutoCovers.com also offers price match guarantees and an easy return policy. “Shoppers can shop confident in the knowledge that they're not going to find a better deal anywhere else.”

### **Shopping and Security**

Shoppers' online security and privacy are a major priority at [CarAutoCovers.com](http://CarAutoCovers.com). They take many measures to make sure that all the transactions on the website are safe and secure. "We realize how important privacy is and believe it's a matter of trust." They give full disclosure about how they collect and use information shoppers give them when shopping at their website.
