Custom Bumper Stickers Now Available Online From Lightning Labels

Denver, CO ([PRWEB](#)) June 07, 2016 -- Premium Vinyl Bumper Stickers Now Available

Lightning Labels today announced the new ability to purchase bumper stickers online through its website. Lightning Labels will now provide bumper stickers in two shapes - oval and rectangle - four sizes and one material, premium white vinyl. Election season, the end of the school year, summer camp starting, charities and season sports activities combine to increase demand for bumper stickers, and users will now be able to access customizable options on the website.

The minimum quantity starts at 50 bumper stickers, which can be helpful when canvassing larger areas and targeting a higher volume of consumers.

Today's markets and political competitions are increasingly fast-paced, meaning that marketing teams and managers need 24/7 access to products and services to fuel their projects. Lightning Labels has made its bumper sticker services available on a 24/7 basis for small or bulk bumper sticker orders to fit these types of modern demands.

"Bumper stickers are great as sales collateral, promotional assets and political campaigning alike, which makes them especially popular in years such as this one," Lightning Labels Director of Business Development AnneMarie Campbell affirmed. "Our new option to order these items online at any time of day will be helpful to a range of potential and existing customers. The service will also provide customers with the ability to customize various aspects of their bumper stickers."

Customers can order bumper stickers through the existing quote process on www.lightninglabels.com, and support is also available for customers who have questions upon using the service for the first time. Designs, shapes and materials will be adjustable like many of the other services the firm offers.

Speedy Turnaround on Orders

In addition to offering the ability to purchase these custom bumper stickers at any time, Lightning Labels boasts lightning-fast turn times. This helps get bumper stickers where they need to be when they need to be there.

Customers can look through the various material options and other opportunities to customize the items through a user-friendly online platform.
