

## **Decorative Air Freshener Invented by InventHelp Clients (KSC-1068)**

*InventHelp, founded in 1984 in Pittsburgh, is submitting the CAR DECOR & MORE to companies for their review.*

PITTSBURGH, PA ([PRWEB](#)) December 13, 2015 -- Two inventors, from Kansas City, Mo., thought there could be a more decorative way to freshen the air in a car or home, so they invented the patent-pending CAR DECOR & MORE.

The CAR DECOR & MORE provides an eye-catching way to freshen the air in a home or vehicle. In doing so, it offers an alternative to traditional air fresheners. As a result, it helps to reduce unpleasant odors and it enhances the appearance of a vehicle or room. The invention features a versatile design that is convenient and easy to use so it is ideal for vehicle and home owners. Additionally, the CAR DECOR & MORE is producible in design variations.

The inventors described the invention design. “Our design offers an attractive alternative to other air fresheners.”

The original design was submitted to the Kansas City office of InventHelp. It is currently available for licensing or sale to manufacturers or marketers. For more information, write Dept. 14-KSC-1068, InventHelp, 217 Ninth Street, Pittsburgh, PA 15222, or call (412) 288-1300 ext. 1368.
