

Brownstown Michigan Police Department Awards AVeL-TECH A Contract To Provide A Mobile Data Software System

The Brownstown Township, Wayne County, Michigan Police Department awards AVeL-TECH a contract to provide a mobile data software system.

The system provided by AVeL-TECH will allow the Brownstown Police Department to perform live Automatic Vehicle Location both from their dispatching center and from each police vehicle where officers will be able to visualize their patrol car and their backups on their mobile computer while closing in on a location.

([PRWEB](#)) April 19, 2002 -- The Brownstown Township, Wayne County, Michigan Police Department awards AVeL-TECH a contract to provide a mobile data software system.

The system provided by AVeL-TECH will allow the Brownstown Police Department to perform live Automatic Vehicle Location both from their dispatching center and from each police vehicle where officers will be able to visualize their patrol car and their backups on their mobile computer while closing in on a location.

AVeL-TECH will be supplying AVeLNET (Automatic Vehicle Location system), RadioGATE (message switch) and MobiCAD (in-vehicle application).

"We are looking very forward to our implementation of this valuable law enforcement tool" says Daniel J. Grant, Brownstown Michigan Chief of Police.

The Brownstown Police Department is a suburb of Detroit, Michigan and one of Wayne County's fastest growing communities.

AVeL-TECH Background Information

Based in Canada, AVeL-TECH designs and commercializes a complete suite of products for mission critical organizations, including computer aided dispatch (AVeL-CAD), automatic vehicle location (AVeL-NET), message switch (RadioGATE) and vehicular applications (MobiCAD).

AVeL-TECH's products have been designed to conform to the highest standards set forth by public safety organizations requiring uncompromized robustness to handle uninterrupted life-saving operations.

The AVeL-NET product line is modular and can be articulated around most operational requirements. AVeL-NET is available in English, Spanish, Portuguese and French and is currently used by several Police, Ambulance, Fire departments and Governmental Agencies in North America, Latin America and Europe.

AVeL-NET, AVeL-CAD, RadioGATE and MobiCAD are trademarks of AVeL-TECH Incorporated.
