

WHY GO TAILGATING, WHEN YOU CAN GO TRAILGATING?

With the Trailgate Table®[®], for only \$189, you can sit comfortably on your truck's tailgate or in the back of your van or SUV while you eat, check over plans for a job site, clean a fish or what-have-you. The Trailgate Table®:

([PRWEB](#)) August 24, 2002 -- The Trailgate Table® Brings Comfort and Convenience to the Outdoors

August 22, 2002 (Van Nuys, CA) Why haul around a table and chairs, when you can bring the convenient Trailgate Table®? Ever been tailgating in the parking lot of your favorite stadium and wished you had somewhere to set out the food and condiments? How about when you go for a picnic and there are no tables and the ground is wet? Or perhaps you've been out with the guys fishing or hunting and were getting ready to clean your catch/kill but needed a clean, convenient, back-saving place to do it?

With the Trailgate Table®, for only \$189, you can sit comfortably on your truck's tailgate or in the back of your van or SUV while you eat, check over plans for a job site, clean a fish or what-have-you. The Trailgate Table®:

Plugs into any standard 2-inch trailer hitch

- o Perfect for Mom's van or SUV at the weekend ballgames or your truck while out camping or fishing.

Folds to less than 7 inches deep for easy storage

- o Perfect for stashing in the cargo area or truck bed and you'll still have plenty of room for all your other outdoor essentials.

Is large enough for two adults

- o Now you can sit comfortably while you eat, work or play.

Tilts out of the way for cargo area or pickup bed access

- o No need to remove the table when you want to close or open your cargo doors, liftgate or tailgate.

Features specially molded storage space inside for eating and cooking utensils

- o No more questions about where to put plates and silverware to keep them clean while you're camping or keep them ready for the next adventure.

Has fishing pole/utility holders built in

- o Now you don't have to balance your fishing rod while trying to tie on lures. Just lean your pole into the openings that are built into the table.

Installs in no time

- o Just remove the two metal supports from their storage location on the base of the table, plug one into the trailer hitch, attach the upright support to it, place the table on top and tighten two thumb screws.

Comes with a heavy-duty nylon carrying case

- o Don't worry about the table getting scratched, scuffed, banged up or dirty when it's not in use.

Includes a free Wobble Enhancement Kit

o Since every trailer hitch receiver is a slightly different size, the table comes with an anti-wobble kit so you never spill your drinks. Plus, the Wobble Enhancement Kit (a \$20 value) works with any hitch-mount accessory, including bike racks.

End of Summer Sale!
