

Safer Streets for Kids

A group of residents in Murrieta have launched a web site focusing on traffic issues in their area as well as general tips for improving the safety for all children.

([PRWEB](#)) January 16, 2003 -- MURRIETA, CA, January 15 -- A group of residents in Murrieta have launched a web site focusing on traffic issues in their area as well as general tips for improving the safety for all children.

The web site is <http://www.childsafestreets.com>.

The site features photos, studies, history and updates for the traffic problem in their neighborhood as well as information regarding making streets safer for all children, and creating safer routes to school.

Visit the Take Action section for links to informational safety-related web sites, and safety activities for children.
