Rescuers pulled Tommy from the car as he seemed a little dazed and shaken but unhurt.

Tommy stated after the jump, this is his semi retirement jump. After jumping from Country to Country on September 22nd, 2002 from (USA to Mexico) over the Rio Grande for the "Freedom Jump" and now the Grand Canyon for "Grand Canyon Car Jump for Christ". He stated, that is enough. God has given me the talent and skill to attempt and accomplish these challenges. Now it is time for me to take this and minister to the youth by performing stunts for them and bring them to Jesus Christ. I am still going to be performing for special events and Churches and would like to work with Christian TV.
