

## GEICO INSURANCE DRIVES NORTH

*GEICO Insurance acquires additional location to expand its operations.*

([PRWEB](#)) May 2, 2003 -- Frederick, Maryland (PRWEB) April 30, 2003 -- Looking to capitalize on cost effective facility options, GEICO insurance acquired an additional location north of Montgomery County.

Commercial Brokers LLC of Bethesda, MD ([www.CommercialBrokers.com](http://www.CommercialBrokers.com)) represented GEICO ([www.GEICO.com](http://www.GEICO.com)) in obtaining 63,000 feet of warehouse space in Frederick Maryland. The deal gives the insurer space in addition to its Rockville MD location.

Nick Propps, Executive Vice President for Commercial Brokers said GEICO's excellent reputation and growth has led to the latest requirement. When a company like GEICO shows interest in such a large space in a building, you get the landlord's attention. We had several options but ultimately cost was the overriding factor in the decision. This latest deal by David Dolan and Nick Propps helps fill some of Frederick's oversupply of warehouse space. There are still several options for large tenant requirements like this, stated Dolan, Commercial Brokers Vice President. If someone needs a large block of space, there are exceptionally good deals to be had if you know where to look.
