

Higher Quality Parts Make The Difference At New Plaistow Brake Shop

Brakes Only of Plaistow is a new brake shop that uses high quality parts and does not mark up the cost for them, giving customers excellent value for their money.

Plaistow, NH ([PRWEB](#)) January 03, 2013 -- Brakes Only, a newly opened brake specialist located in Plaistow, N.H., is trying to do things a bit differently than other shops in the area. To start with, the company only uses top quality parts in its work, ensuring results that last. In addition, Brakes Only never marks up the costs of its pads or rotors, giving customers a noticeable savings on their bills.

The reason Brakes Only does business this way is because owner Marc Canzano believes that "there is plenty of room for discounts on brake services over the major brakes service stations and franchises." His goal is to bring customers the best value for their dollar. By not charging a mark up on the parts Brakes Only uses, customers are able to see a 20-50 percent savings over competitors. Canzano was tired of dealing with brake service companies that were merely over-priced parts suppliers. His answer to this problem was to create Brakes Only as strictly a service provider.

Adding to the value is the fact that Brakes Only exclusively uses top quality OE parts. This ensures that every brake job the company performs meets manufacturer standards, leading to more reliable performance and fewer problems in the future. Because of the companies zero percent mark up on pads and rotors policy, customers are able to receive quality parts that may be cost prohibitive at other companies.

In many cases, customers would be persuaded to rework their vehicle's brake rotors rather than replace them due to the cost. Brakes Only believes that this is unsafe and unwise, and recommends that customers always buy replacements rather than repairs - and the company's zero percent parts mark up makes this possible every day. For further information about all Brakes Only services, visit the shop's website at www.brakesonly-value.com.

About the company:

Brakes Only was formed with the best value to the customer always kept in mind. With unique focus on brake systems only, we are able to provide quality and value second to none in the industry.

Brakes Only believes their unique service approach will stand out from the other brake service companies. Brakes Only was founded on a completely up front and honest sales approach, our focus is not on being an over priced parts supplier, but providing total quality service.
