Touareg Problems - From Minor Annoyances to Major Disasters

([PRWEB](#)) January 18, 2004 --TouaregProblems.com has been launched as a part of the Club Touareg Network of sites developed for current and future VW Touareg enthusiasts. The Touareg Problems site displays the problems experienced by the minority of Touareg owners who have had major problems with their vehicles. Touareg Problems (<http://www.TouaregProblems.com>) also allows visitors to post their problems, annoyances, difficulties while engaging in conversation with other Touareg owners, dealer representatives, and peers. TouaregProblems.com is a completely free service.

About the Club Touareg Network

The Club Touareg Network was officially launched on December 8, 2003 with its public debut of ClubTouareg.com. Club Touareg has become one of the fastest vehicle enthusiast sites on the web with nearly 750,000 page hits in its first month. Membership is completely free and requires only a quick online application. We welcome all automotive enthusiasts to visit www.clubtouareg.com for more information.

Real owners providing real life experiences with their Touareg - That is what makes the Club Touareg Network so successful. The Club Touareg Network of sites, including TouaregProblems.com, is not affiliated with Volkswagen of America or its parent company VW AG.
