

The Latest Automotive Toys and Collectibles Now Available at Summit Racing Equipment's Genuine Hotrod Hardware

Just in time for holiday gift-giving Summit Racing's Genuine Hotrod Hardware has added hundreds of new car-themed toys, collectibles, apparel, and more. Here are just some of the items now available.

Tallmadge, OH ([PRWEB](#)) November 26, 2015 -- Just in time for holiday gift-giving Summit Racing's Genuine Hotrod Hardware has added hundreds of new car-themed toys, collectibles, apparel, and more. Here are just some of the items now available.

[Light-Up Car Shelves](#)

Light-Up Car Shelves feature accurate, scaled-down depictions of a vehicle's front or back end. Made from cast resin, these shelves are ideal for displaying pictures, collectibles, die-cast models, or race trophies. They have a tempered glass shelf that integrates with the car's shape. Add three AA batteries and the headlights/taillights will blaze to life. New styles available include the 2015 Corvette, 1969 Camaro, 1957 Chevy, and 1970 Mustang Boss 302.

[Personalized Garage Signs](#)

Genuine Hotrod Hardware offers over 100 signs and displays that can be customized with a name, date, or location. Best of all, the personalization is offered at no additional charge—just plan on a few extra weeks for a sign to be made and shipped. Three new styles added include the Craft Beer sign, Corrugated Metal sign, and Brick sign.

[Mechanic's Car Engine Play Set](#)

With over a dozen removable parts, this Mechanic's Car Engine Play Set is a great way to get budding car enthusiasts tinkering with automobiles. The rolling play set features shocks, brakes, and tires. Under the hood is an engine complete with an oil dipstick, air filter, spark plugs, and radiator. The set comes with the right tools so kids can start turning bolts right away. Out back, the play set pulls double-duty as a race car ramp for 1:64 scale toy cars.

[Shelby Chunky Remote Control Cars](#)

With large, easy to understand remote controls, Shelby Chunky Remote Control Cars are a good fit for smaller hands. They're durable and can handle the occasional impact with baseboards, table legs, and unlucky pets. The cartoonish cars are fully functional, with forward/reverse movement and left/right steering, working lights, and sounds. Choose from the Shelby Cobra or Shelby Mustang in red or blue.
