

First Compact-Retractable Heavy-Duty Bed Extender for Pick-ups

Auburn MetalFab, Inc. today announced the first compact-retractable Heavy-Duty Bed Extender for pick-up trucks. The patented hide-a-bed Xtender is designed to fold down to two inches when not in use, compared to other bulky "flip-down" designs. The Xtender provides an additional 2 feet of cargo space. It is ideal for all short beds and 8 foot beds with tool boxes.

Troy, MI ([PRWEB](#)) January 25, 2004 --Auburn MetalFab, Inc. today announced the first compact-retractable Heavy-Duty Bed Extender for pick-up trucks. The patented hide-a-bed Xtender is designed to fold down to two inches when not in use, compared to other bulky "flip-down" designs. The Xtender provides an additional 2 feet of cargo space. It is ideal for all short beds and 8 foot beds with tool boxes.

The Xtender is designed for easy installation. It is made of heavy gage diamond plate aluminum with a bright-guard finish to protect against oxidation. Side panels are secured with clips to OEM tailgate receptors. The Xtender is compatible with bed caps and covers.

The Xtender retails for \$350.00 plus taxes and shipping and is available by calling Auburn MetalFab, Inc. toll-free 1-877-288-9100 or by writing Auburn MetalFab, Inc. at 2545 West Maple Road, Troy, Mich. 48084
