

Increasing base of Global Automotive Suppliers.

This report provides details on the supply base of car makers and brands in the world's automotive market. The report lists suppliers of key components for each manufacturer, profiling 450 leading suppliers globally and also identifies many of the major supply relationships in the automotive industry

([PRWEB](#)) February 5, 2004 --Research and Markets announces the addition of the Global Supplier Profile Database to its offerings.

The Global Supplier Profile Database provides a comprehensive and detailed overview of the global automotive supply base, providing information on North American and European suppliers together with more than 100 profiles of suppliers headquartered in Asia, Africa and Australasia.

The report maps the supply base of car makers and brands in the world's automotive market. The report lists suppliers of key components for each manufacturer, profiling 450 leading suppliers globally and also identifies many of the major supply relationships in the automotive industry

The profiles of major suppliers are updated twice a year, and smaller or privately owned suppliers annually or with major corporate changes.
