

Fast Cash for Junk Cars Accepting All Cars, Regardless of Condition, for Cash Payment

Fast Cash For Junk Cars, one of the nation's leading cash-for-cars companies, is now accepting all cars in any condition.

New York, New York ([PRWEB](#)) December 31, 2013 -- Fast Cash For Junk Cars (www.fastcashforjunkcars.com), one of the nation's leading cash-for-junk-cars companies, is now purchasing all cars, not just junked and damaged cars. The company, long known for its customer-friendly transaction process of buying junked vehicles, has expanded its business practices to accept all used cars, regardless of condition. Per a new company directive, Fast Cash For Junk Cars will purchase any used car in any condition and agents may pay as much or more than \$20,000 for certain vehicles. Whether a vehicle has been in an accident, is completely damaged or an owner is simply looking to get cash for an old car to pay for a new one, Fast Cash for Junk Cars has mandated that its agents make cash offers for all vehicles.

Many potential sellers face a similar dilemma - when trying to sell a used car, the typical process involves haggling over prices, creating listing on various websites, fielding phone calls, text messages, and/or emails. Fast Cash For Junk Cars aims to streamline the process and strives to provide customers with a tow-away pick-up and cash-in-hand within 24 hours of a customer making an initial call.
