

## **Leading Source for Used Engines “Sharper Edge Engines LLC” Extends 20% Anniversary Sale to End of September**

*The sale, which gives customers 20% off Sharper Edge Engines LLC’ complete inventory of used parts and remanufactured ones, will now end on September 30 instead of July 31.*

Jacksonville, FL ([PRWEB](#)) August 09, 2016 -- Sharper Edge Engines, one of the nation’s premiere sources for used engines, remanufactured engines, rebuilt engines, and used transmissions, announced today that due to popular demand it is extending its 7th Anniversary Sale.

The sale, which gives customers 20% off Sharper Edge Engines’ complete inventory of used engines and remanufactured engines, was originally scheduled to run from May 1 to July 31. However, it will now end on September 30.

To apply the discount, new customers -- including individual consumers, garages and shops -- simply enter the code May 2009 at checkout. Existing customers who have previously purchased an item from Sharper Edge Engines will have the 20% savings automatically applied to their online purchase, and do not need to enter the code.

“Our 7th Anniversary Sale was a huge hit, and even more popular than we expected with wave after wave of inquiries and purchases,” commented Jack Brower of Sharper Edge Engines, which enjoys an A+ rating with the Better Business Bureau (BBB), and has earned several 4 and 5-star reviews from satisfied customers across the country. “We didn’t want to disappoint customers who missed the sale by a few days. And since we also know that many people are on vacation in August, we thought it would be fair and ethical to extend the sale to the end of September.”

Added Mr. Brower: “We treat each customer with honesty, integrity and care. That’s why so many of our customers buy from us again and again, and recommend us to their colleagues, family members, friends, and even to complete strangers who need a quality assured, extremely well-priced used engine or other part. We’ve grown so much over the last seven years, and it’s all because of our customers. Giving them an extra discount on top of our already very competitive prices is our way of saying thanks!”
