

NFI Ranks in Global Trade's Top Temperature Controlled 3PLs

Leading 3PL, NFI, is keeping it cool with Global Trade Magazine, listing as a top 3PL in the Temperature Controlled supply chain solutions category.

Cherry Hill, N.J. ([PRWEB](#)) July 28, 2016 -- Leading 3PL, NFI, is keeping it cool with Global Trade Magazine, listing as a top 3PL in the Temperature Controlled supply chain solutions category. The annual list, placed in the magazine's Leading 3PLs issue, provides a list of the top ten [supply chain solution providers](#) succeeding in the transportation and distribution of perishable and temperature-controlled products.

NFI offers an integrated suite of [temperature-controlled solutions](#) including dedicated fleets, warehousing, brokerage, refrigerated intermodal, and global transportation. NFI delivers flexible, custom logistics options to a diverse customer base, moving products domestically and internationally.

“Temperature control is critical to product integrity and our customers’ bottom lines,” said CEO, Sid Brown. “Whether you are shipping fresh produce or ice cream, your supply chain partners can have a major impact on your success.”

With more than 27.5 million square feet of warehousing across North America and a fleet of 2,000 tractors and 8,200 trailers, NFI has the capabilities to provide end-to-end supply chain solutions. As a family-owned and operated business, NFI is flexible to customer needs and building an environment that is successful for business growth.
