

## **Convenient Vehicle Accessory Invented by InventHelp Clients (OCC-975)**

*InventHelp, founded in 1984 in Pittsburgh, is submitting the HIDE-A-TRAY to appropriate companies for their potential feedback.*

PITTSBURGH, PA ([PRWEB](#)) August 11, 2016 -- “We came up with this idea while loading grocery bags into the car,” said one of two inventors, from Pacific Grove, Calif. “We thought there needed to be a safe place to put your cup of coffee, keys or purse when your hands are full, so we invented the HIDE-A-TRAY.”

The HIDE-A-TRAY provides a temporary place to hold items outside of a parked vehicle. In doing so, it eliminates the need to place items on the ground or vehicle roof. As a result, it offers added convenience and it ensures that items are stable and accessible. The invention features a durable design that is easy to use so it is ideal for vehicle owners. Additionally, the HIDE-A-TRAY is producible in design variations.

The inventors described the invention design. “Our design provides a convenient temporary storage solution for vehicle owners.”

The original design was submitted to the Orange County office of InventHelp. It is currently available for licensing or sale to manufacturers or marketers. For more information, write Dept. 14-OCC-975, InventHelp, 217 Ninth Street, Pittsburgh, PA 15222, or call (412) 288-1300 ext. 1368.
