([PRWEB](#)) March 31, 2004 -- Do you miss the days when you would get together with a group of your friends and cruise to exciting places? Driving through scenic canyons, along the ocean, stopping to relax in different caf  s and clubs? Maybe you have never experienced events like this, but have always wanted to. Now imagine adding a group of race cars into the mix. Sound like fun?

Then Immortals Car Club has the answer for you. Whether you are a man or a woman, 18 years old or 60, if you own a high performance car, then here is your chance to live life in the fast lane. And if you haven't driven with a pack of horse power hungry cars before, then you are in for quite a thrill. Immortals Car Club guarantees it will double your adrenalin and triple your life's excitement level!

Car cruises are just one of many great rewards provided to members of clubs like Immortals. Add to that Immortals wild Web Site. Here they provide a message board for getting car advice, exchanging ideas or just "shooting the breeze".

In addition the site provides a full photo gallery of the member's cars, flashy models, funny pictures, even video clips of some of their ventures. For ladies that want to model, Immortals offers them the opportunity to build a quality portfolio against a backdrop of exotic race cars.

Another unique feature about Immortals is the freedom they offer to their members. People can come and go as they please. There are no requirements or restrictions. "The only rule we have is that everyone respects each other and the people in our community", states Immortals Co-Founder and Web Site Administrator Brett Schoneman.

Immortals Car Club specializes in high performance, modified, classic and exotic cars, including GM, Ford, Dodge, Honda, Toyota, Mitsubishi, Nissan and more. Membership is free.
