

InventHelp Inventor Designs a Soothing, Entertaining Alternative Aquarium (SAH-758)

A leading invention submission company, InventHelp is working to submit the FISH TRUCK to companies for their review.

PITTSBURGH, PA ([PRWEB](#)) November 06, 2016 -- An inventor from Fair Oaks, Calif., wants to offer people who like to keep fish as pets a new and comforting way to display them. "I'm a truck driver, and I know that trucking profession can be very stressful," he said. "Considering that aquariums tend to soothe and amuse people, I decided to design a new kind of aquarium."

The FISH TRUCK is an alternative aquarium that serves as a more dynamic alternative to conventional aquariums. It provides entertainment and amusement, as well as promotes relaxation and helps reduce stress. As a result, it enhances the look of a home, office or other interior. Producing in different sizes and colors, the aquarium is suitable for people of all ages.

The original design was submitted to the Sacramento office of InventHelp. It is currently available for licensing or sale to manufacturers or marketers. For more information, write Dept. 15-SAH-758, InventHelp, 217 Ninth Street, Pittsburgh, PA 15222, or call (412) 288-1300 ext. 1368.
