

Kit Allows For Convenient Art Displays on Vehicle Windows - Designed by InventHelp Clients (OCC-1135)

InventHelp is working to submit this idea, the CUSTOMIZED VEHICLE WINDOW ART MATTE to companies for their consideration.

PITTSBURGH, PA ([PRWEB](#)) December 01, 2016 -- Two inventors from Chino Hills, Calif., want to offer people a way to celebrate artistically via vehicle windows. "I drew a design on the window of a friend's car, and he liked it so much that he didn't want to wash his car for fear of losing the design forever," said one inventor. "That gave me the idea of creating a way to display designs and messages on vehicle windows in a more convenient and longer-lasting manner."

The CUSTOMIZED VEHICLE WINDOW ART MATTE allows for easy display of artwork or messages on vehicle windows in order to share excitement about special occasions. It doesn't prohibit the vehicle owner from washing the vehicle for fear of losing the art too soon. Overall, it preserves memories and enhances the look of the vehicle.

Versatile, aesthetic and easy to use, the CUSTOMIZED VEHICLE WINDOW ART MATTE is producible in many design variations.

The original design was submitted to the Orange County office of InventHelp. It is currently available for licensing or sale to manufacturers or marketers. For more information, write Dept. 15-OCC-1135, InventHelp, 217 Ninth Street, Pittsburgh, PA 15222, or call (412) 288-1300 ext. 1368.
