

## **AUTO SAFETY MAT Invented by InventHelp Client (DLL-3121)**

*A leading inventor service firm, InventHelp is working to submit the AUTO SAFETY MAT to companies for their consideration.*

PITTSBURGH, PA ([PRWEB](#)) December 29, 2016 -- An inventor, from Weatherford, Texas, thought there needed to be a safe way to warn drivers of disabled vehicles, so he invented the AUTO SAFETY MAT.

The AUTO SAFETY MAT provides an effective way to alert drivers of a disabled vehicle at night. In doing so, it enhances visibility and safety and it provides added peace of mind. It also offers a more comfortable way to perform roadside repairs. The invention features a user-friendly design that is convenient and easy to use so it is ideal for vehicle owners. Additionally, the AUTO SAFETY MAT is producible in design variations.

The inventor described the invention design. “My design could help to prevent roadside accidents.”

The original design was submitted to the Dallas office of InventHelp. It is currently available for licensing or sale to manufacturers or marketers. For more information, write Dept. 15-DLL-3121, InventHelp, 217 Ninth Street, Pittsburgh, PA 15222, or call (412) 288-1300 ext. 1368.
