

Dynamic, Customized Vehicle Accessory Invented by InventHelp Client (NJD-1364)

A leading invention company, InventHelp is submitting the LOGO ILLUMINATED HEAD LAMP to companies for their review.

PITTSBURGH, PA ([PRWEB](#)) June 05, 2017 -- Many vehicle enthusiasts like other drivers and pedestrians to notice their cars and trucks as they drive by, but this can be extra difficult at night. "I wanted to offer vehicle lovers a dynamic way to show off their prized possessions at nighttime, while also sharing the name and logo of the company that produced the vehicle," said an inventor from Piscataway, N.J. "As a result, I designed and developed the LOGO ILLUMINATED HEAD LAMP."

This accessory enhances the look of a vehicle at night, creates a more dynamic style and personalizes the vehicle. It also advertises the vehicle's manufacturer.

In addition, the LOGO ILLUMINATED HEAD LAMP allows for quick, easy recognition of the vehicle. Overall, it promotes enjoyment, pride, peace of mind and safety.

The original design was submitted to the New Jersey office of InventHelp. It is currently available for licensing or sale to manufacturers or marketers. For more information, write Dept. 16-NJD-1364, InventHelp, 217 Ninth Street, Pittsburgh, PA 15222, or call (412) 288-1300 ext. 1368.
